Empowering Youth Enabling Leaders

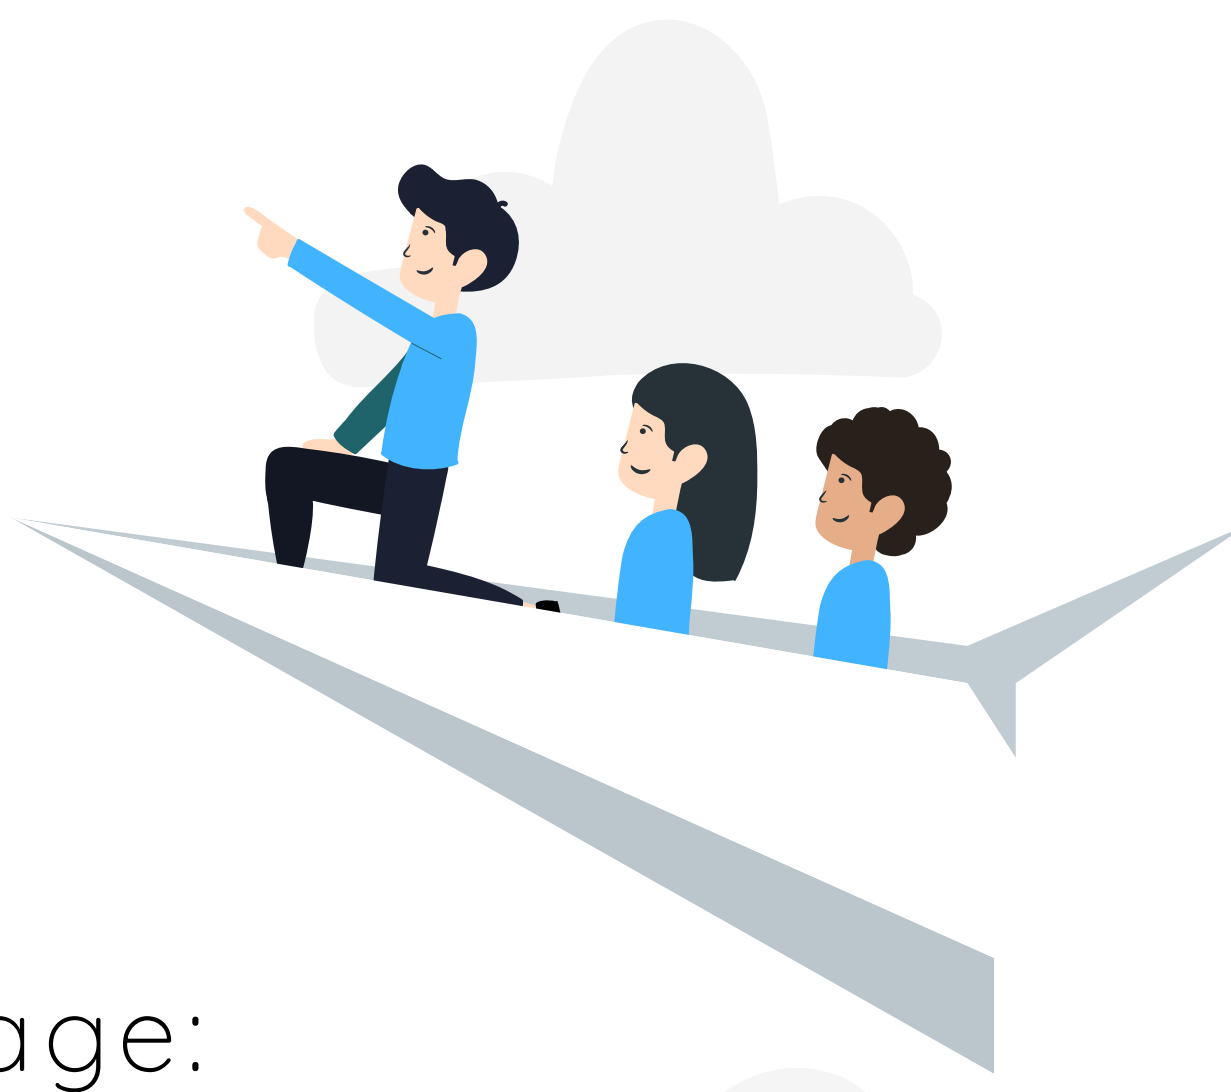

[DONATE](#)

We believe that youth have the power to **transform the world**.
We exist to enable them to reach their highest potential

ABOUT US

Karunachal is a for purpose non-profit organisation that is committed to empowering youth and enabling leaders.

Karunachal is not just an organisation.
We are a movement that silently echoes the slogan
"We the Youth, By the Youth, For the Youth".

We drive home one single message:
Collaborative Creation is Multiplication

[MEET OUR TEAM](#)

We provide opportunity for experiential learning to provide the required exposure for a child to think for himself or herself and grow in the direction of his or her natural inclination. We are not trying to fight the traditional education system but rather run with it for creating a long term change - **together**

Karunachal was born with the intention to unite communities from the coastal plains to the snow capped mountains. With 600 million youth in the country we believe that only youth will determine the future of the world

Our Vision

To enable youth to be more conscious and responsible future global citizens

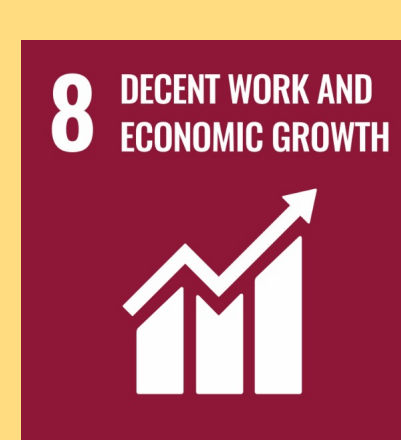

Our Mission

To create rich, multi faceted and continually evolving programs using experiential learning tools where youth learn about themselves, develop vital skills and realise their intellectual potential and leadership capabilities to the fullest.

Values that guide us

Our work pans over these Sustainable Development Goals

K CAMPS

Our first flagship programme that includes immersive residential and non-residential camps (K Camps) enables children to learn and explore about Self, Environment & Entrepreneurship.

Most youth are not empowered/enabled enough to take collective ownership/action with the existing education systems. Immersion programs are a cost effective tool which can help in learning and provide higher transfer of knowledge to the child through hands-on experience which can help the child make faster, quicker, creative and more responsible decisions.

We provide a platform where youngsters from all social backgrounds get an equal opportunity to participate in our own specially designed immersion programs to build on their personal, social and entrepreneurial skills. We attempt to enable the youth to make more responsible and rational choices.

VOLUNTEER

Knowledge not only grows but multiplies when you share. Transform the lives of young children in your community by volunteering your time for one year. Have fun while you learn and grow in the areas of environment, entrepreneurship and exploration. Choose to volunteer in public relations, operations, fundraising or human resource.
